Level 4 Data Analyst.

The Level 4 Data Analyst Apprenticeship is aimed at aspiring data professionals, and people in dedicated analyst roles in non-data teams, who want to master advanced data analysis tools and techniques. Our in-depth programme will give you the skills to efficiently and accurately transform data into actionable insights. Through the telling of richer data stories that predict and forecast, as well as evaluate, you'll play a pivotal role in your organisation's trajectory with data-driven decision making.

To apply for this programme you must be employed in a relevant role, and, as a minimum requirement, have:

- GCSEs with grades 9 to 4 (A* to C) in English and maths, and
- Level 3 qualification such as A-Levels (or equivalent)

Three delivery options to suit your needs

Delivery option	Online Weekly	Online Monthly (Block Release)	Intensive (Block Release)
Structure	Online live: Two to three hours per week	Online live: Monthly over full-day blocks	Face-to-face residential or online live: Intensive blocks, up to 12 hours per day
Benefits	Flexibility to accommodate professional and personal commitments	More structured time given to embed learning	Fast-paced, accelerated learning Vendor certifications embedded allowing learners to gain valuable credentials
Who is it for?	Professionals balancing work and study	Re-skillers and school leavers	Professionals looking for a highly focused and intensive learning experience
Delivered by	BPP	Estio	Firebrand
